Please review and bring signed Guidelines form on your first lesson:

Your guitar lessons are designed specifically for your skill level where you can be comfortable learning at your own pace. Each and every lesson will open more opportunity to learn as you build upon your skills striving to achieve new goals. Please feel free to communicate with me as needed with any questions you may have. Keep in mind “no question is ever too much or silly even if we covered in lesson”. As your instructor, I want you to be comfortable enough to reach out for any guidance or questions as they may arise between lesson(s) or during lesson.

Please keep in mind if you are a minor your parent / legal guardian must contact me outside of lesson.
